While all devices are slightly different, they will also have some settings in common. Here are some of the basic settings used to get a personal Chromebook on the Sumner County Schools WIFI. These settings may be comparable to other devices you have.

Find your WIFI Settings

Navigate to the location required to add a WIFI Network and Select "SumnerCountySchools"

Go to Advanced and change the settings to match the following:

## EAP Method: PEAP EAP Phase 2 authentication: MSCHAPv2
